

List of Financing Sources for Bio-Response Products

(as recommended by our existing customers)

Bio-Response Solutions has worked with numerous lenders that finance our alkaline hydrolysis systems. Below is a list of lenders that our customers have recommended. We are not associated with the services in any way; we provide them simply as a resource to you. If you have a lender you'd like to work with, we are always happy to help educate your local bank about this type of equipment. Please contact us if you would like a formal quote on the system you are considering; we'd be happy to put one together (317) 386-3500, info@bioresponsesolutions.com

Top 3 Most Recommended:

Fantastic rates, direct financing source (an actual bank). 10 minute phone application, same day approval, and minimal paperwork. Tony is wonderful to work with in every way. His program offers up to 90 day deferred payments for new equipment so you don't start paying at the beginning of the contract. Limitations: must be in business for 2 years and in good standing. Zero down, up to 6 years! Tony can tell you what the monthly payment will likely be in your first conversation.

(3) Ulises Catalan, Partners Capital Group
